Kaleiopuu Elementary

**94-655 Kaaholo Street
Waipahu, Hawaii 96797**

May 1, 2025

Dear Faculty, Staff, and Parents/Guardians:

The Asbestos Hazard Emergency Response Act (AHERA) and Hawaii Administrative Rules Chapter 11-502 require our school to notify the faculty, staff and parents of the presence and status of asbestos-containing materials in our school buildings. The law further requires the availability of a management plan based upon the findings of the initial report.

In 2023, the remaining asbestos-containing sinks were removed during campus renovations. Accredited DOE staff confirmed no suspect asbestos materials remain on campus. The 2025 AHERA re-inspection will be conducted later this year to verify the campus is asbestos-free.

A copy of the AHERA Re-inspection Reports and the Asbestos Management Plan are available for your review in our office during normal school hours. Should you have any questions, please call the school at (808) 675-0266 or the Environmental Services Unit at (808) 784-5060.

Sincerely,

Alika Ahu

Principal
